INSTALL SMARTTAG CORRECTLY

The SmartTAG should be mounted on the front windscreen of the car using the provided bracket.

Incorrect installation will result in transaction failure and lane barrier will not be lifted.

TIPS

ENSURE SUFFICIENT CARD BALANCE

Please refer to the Toll Fare Indicator screen, to check your card balance when you drive through the SmartTAG Lane.

CHECK SMARTTAG BATTERY LEVEL

Low Battery will cause transaction failure. Therefore, please change your battery when you hear continuous "beeping" sound

SAFETY FIRST

Reduce your vehicle speed and keep a safe distance from the front vehicle when passing through the lane.

PLEASE DO NOT

Do not hold the SmartTAG when driving through the SmartTAG lane.

Do not place SmartTAG on the dashboard or point the infrared panel towards the driver or install it upside down

SEEK ASSISTANCE

Use the Touch 'n Go reader
 If your SmartTAG cannot be detected, remove your card and tap in on the Touch 'n Go reader in the SmartTAG lane to continue your journey

Use the intercom
 Please use the intercom to seek assistance from the toll plaza staff.
